- **Mobile:** iOS Development (Swift), Mobile API Integration
- **IT Operations:** Windows Server, Active Directory, Group Policy, Microsoft 365, Google Workspace, cPanel and WHM, ITSM/Helpdesk

Professional Experience

Project Manager, CRM and Full-Stack Development

Dreams Care Homes | Newport, Wales, United Kingdom (Hybrid) | Jul 2026 – Present

- Lead the technical roadmap and full-stack build of a bespoke CRM and staff-compliance portal for a UK domiciliary care agency, using Next.js 14, TypeScript, and Tailwind CSS.
- Designed the backend data and access layer on Firebase (Auth, Firestore, Storage) with role-based security rules, as the foundation for a planned migration to NestJS and PostgreSQL.
- Run delivery end to end, from requirements gathering and sprint planning to stakeholder reporting for UK leadership, coordinating a distributed team.
- Rebuilt the portal UI/UX on a production-grade design system with real-time interactive components, improving usability.

Head of Information Technology Department

Route2Uni International Group | Kathmandu, Nepal (On-site) | Feb 2026 – Present

- Lead the IT department, setting infrastructure strategy and cloud operations for 50+ staff.
- Lead the full-stack rebuild of the core CRM platform, with a 10-phase migration roadmap onto Next.js, NestJS, PostgreSQL, Prisma, Redis, and BullMQ, deployed on AWS.
- Administer AWS (EC2, S3, IAM, VPC, CloudWatch) and enforce RBAC and MFA policies, reaching 100% compliance with internal security standards.
- Manage 30+ university partner-portal integrations, sustaining 99%+ uptime and real-time data accuracy across partner workflows.

IT Officer, UK Team and Nepal Team

Route2Uni International Group | Kathmandu, Nepal | Feb 2025 – Jan 2026

- Administered CRM operations and application workflows for the UK team, keeping data accurate across 40+ UK university partner integrations.
- Built automated reporting dashboards with scripting and workflow automation, cutting manual reporting effort by 40%.
- Coordinated student support, admissions, and infrastructure teams, reducing average ticket resolution time by 25%.
- Delivered L1/L2 technical support organization-wide with sub-2-hour SLA response times.

IT Support Specialist
Percoid IT Solutions | Lalitpur, Nepal | Feb 2023 – Jan 2024

- Delivered L1/L2 helpdesk support to 100+ users across hardware, software, and network domains, with a 95% first-call resolution rate and all SLA targets met.
- Deployed and maintained Windows 10/11 endpoints and administered Windows Server and Active Directory, including user lifecycle management and Group Policy.
- Restructured IT asset inventory and hardware lifecycle documentation, improving tracking accuracy by 25% and reducing procurement delays.

Education

- Bachelor of Science in Computer Science and Information Technology, Model Institute of Technology (Kathmandu Model), 2023 – Present
- Bachelor of Information Technology (B.I.T.), Janamaitri Multiple Campus, Bagmati Pradesh University, 2024 – Present
- Higher Secondary Certificate (+2), Computer Science, Sodsha Devi School, National Examination Board (NEB), 2022

Certifications

- Google AI Essentials Specialization, Google (Coursera), Sep 2026
- Google Project Management Professional Certificate, Google (Coursera), Sep 2026
- Google Cybersecurity Professional Certificate, Google (Coursera), Aug 2026
- Google Advanced Data Analytics Professional Certificate, Google (Coursera), Aug 2026
